

KPR Distance Learning Plan

Tips for Students

We know that students, teachers and parents will all need to think differently about school for the next little while. Some students will like distance learning, while others may find it challenging. The guidelines provided below will help students think about what they can do to be successful in a distance learning environment.

Student Roles & Responsibilities

- Try to follow a regular routine for your schoolwork each day. This includes taking breaks, eating healthy and keeping normal bedtime routines.
- Identify a comfortable, quiet place in your home where you can work effectively and successfully.
- Check online platforms (Edsby, D2L, email, etc.) on a regular basis for announcements and feedback from your teachers.
- Complete assignments with integrity and academic honesty, doing your best work.
- Do your best to meet timelines, commitments, and due dates.
- Communicate proactively with your teachers if you cannot meet deadlines or require additional support.
- Collaborate and support your classmates in their learning.
- Pay attention to yourself. Movement and exercise are important for your health, well-being and learning. If you are feeling stressed or worried, talk to your family or teachers. Mental health resources are available on the school board website at www.kprschools.ca
- Comply with KPR's Acceptable Use Policy, including expectations for online etiquette – be respectful and appropriate with your communication.
- If you need help, reach out to the appropriate educator as listed below based on your question or concern.

For questions about...	Contact
A course, assignment, or resource	The relevant teacher
A technology-related problem or issue	Classroom teacher
Personal, academic or social-emotional concern	A Guidance, Student Success Teacher, Principal or Vice-Principal
Other issues related to distance learning	Principal or Vice-Principal
